As a service to readers in Central Utah, the Herald presents this map to assist participants planning to attend the groundbreaking ceremonies for the new Provo LDS Temple Monday at 4:30 p.m.

site is bounded on the north by 2320 North Street and on the east by the diagonal Rock Canyon Road. It is just north of the BYU residence halls and near the Provo City water storage tanks. The map shows the access roads.

LDS officials offered this tip: Plan to walk a little. If you live in the northeast section of

It's an easy stroll.

Remember, the site is still undeveloped. A grader has leveled a few places in the field near the site, but most cars will have to park a little distance away. A good idea is to park in some area like Wymount Terrace, Pleasant View First-Third Ward chapel parking lot, stadium, etc. and walk

along access roads undoubtedly will be heavy.

BYU Security officers and Provo police will assist in directing traffic. They will keep traffic one way on Ninth East and Rock Canyon Road. On those streets traffic will move north only one-half hour before the services, and south only after the services.

Ethiopian Plane Skyjacked to South Yemen

ADDIS ABABA. Ethiopia
(UPI)—Two gun-wielding mem-
bers of the Eritrean Liberation
Front (ELF) hijacked an
Ethiopian airline DC6B with 44
persons aboard and forced the
pilot to fly to Aden, the
Ethiopian news agency said.

The agency said one hijacker
was wounded in a gunfight with
security police after the plane
landed at Aden, the capital of
South Yemen.

Reports from Beirut said the
airliner was in flight from
Addis Ababa to Djibouti, on the
Gulf of Aden, when the
hijackers struck.

An ELF spokesman said the
hijacking aimed to dramatize
the front's campaign for
Eritrean independence from
Ethiopia. The predominantly
Moslem former Italian colony
was incorporated into mainly
Coptic Christian Ethiopia in
1952.

"This is not the first blow
against Ethiopian interests
abroad nor will it be the last,"
the spokesman said.

The front has claimed respon-
sibility for several assassina-
tions of Ethiopian officials in
Asmara, Eritrea's capital, and
regularly reports on sabotage in
Ethiopia.

It claimed to have recently
blown up a train in Ethiopia
and staged bomb attacks
against Ethiopian airline planes
on the ground at Frankfurt,
Germany and Karachi, Pakis-
tan.

Administration's Policies On Desegregation Defended

WASHINGTON (UPI) —HEW
Secretary Robert H. Finch
defended the Nixon adminis-
tration's school desegregation poli-
cies in glowing terms Saturday,
the day after they were
attacked by the U.S. Civil
Rights Commission.

The Health, Education and
Welfare department issued to
newsmen a progress report on
desegregation which Finch had
said "will show that remarka-
ble progress has been made
during the past eight months."

HEW said its progress report
was made "because of the
public interest in HEW civil
rights activities," and a spokes-
man denied its release was
timed to make it a reply to the
Civil Rights Commission's criti-
cism.

The Commission, headed by
the Rev. Theodore Hesburgh,
president of Notre Dame
University, charged Friday that
the administration's recent
actions and new enforcement
procedures "appear to be a
major retreat in the struggle to
achieve meaningful school dese-
gregation."

Civil rights officers at HEW
spent all day Thursday working
on the report. A spokesman to d
UPI: "I'll give you scout's
honor we started on this thing
before we even knew Hesburgh
was having a news confer-
ence."

The report said school
openings in 14 Southern and
border states this fall had
produced more desegregation at
one time than at any period
since the Supreme Court's 1954
decision.
